Renting - Unfortunately, A Lot Of The Best Rentals Never Get Advertised Online Or Listed With A Real Estate Agent, Because The Landlords Can Just Stick A Sign In The Yard And Have It Rented The Next Day. If You Are Limited To Searching Online, Craigslist And FaceBook Marketplace Are Probably The Best Places To Find Desirable Rental Properties.

## PUT YOUR HOME ON THE MARKET

### REVIEWING OFFERS > AND NEGOTIATION

- **Reviewing/Accepting Offers**

Interested Buyers Will Submit Offers, And With Your Agent's Guidance You'll Negotiate The Offer Terms, Which Might Include Price, Contingencies, And Closing Date. Once You Accept An Offer, Both Parties Will Sign A Binding Sales Contract.

- **Buyer's Inspection**

The Buyer Will Likely Hire A Home Inspector. Depending On The Findings, They Might Request Repairs Or Negotiate Terms.

- **Appraisal**

If The Buyer Is Obtaining A Mortgage, Their Lender Will Order An Appraisal To Ensure The Property's Value Matches The Sales Price.

- **Address Contingencies**

Most Offers Come With Contingencies (Financing, Inspection, Sale Of The Buyer's Home). Each Contingency Needs To Be Met Or Cleared For The Sale To Proceed

### PREPARING FOR CLOSING

- **Title Search**

A Title Company Will Ensure That There Are No Liens Or Disputes On The Property's Title

- **Obtain Necessary Pre-Closing Documents**

This May Include Property Disclosures, A Recent Tax Assessment, Utility Bills, Or HOA Documents

- **Buyer's Walk Through**

Typically Conducted A Day Or Two Before Closing, This Allows The Buyer To Ensure That Agreed-Upon Repairs Were Made And The Property Is In Expected Condition

- **Closing**

Review And Sign Closing Documents, Including The Deed Of Trust Or Mortgage, The Promissory Note, And The Closing Disclosure

### CLOSING AND FINAL TRANSFERS

- **Transfer Of Funds**

The Buyer (Or Their Lender) Will Transfer Funds To Cover The Home Purchase. After All Costs Are Deducted, You'll Receive The Remaining Proceeds.

- **Transfer Of Ownership**

Once All Documents Are Signed And Funds Are Dispersed, The Property Deed Will Be Recorded In The Buyer's Name, Officially Transferring Ownership

## NAVIGATING THE ARKANSAS REAL ESTATE CONTRACT &gt;

PURCHASE  
CONTRACT

- **Determine Offer Price**
- **Closing Costs**  
pay your own or request the seller pay yours?
- **Earnest Money Vs Non-Refundable Deposit**

Earnest Money Is Not Very Common In Arkansas Because The Purchase Contract Is Buyer-Friendly And A Buyer Would Get To Keep Their Earnest Money If They Terminated The Contract Based On Inspection, Financing, Or Appraisal Issues.

Non-Refundable Deposits Are Preferred By Sellers Because It Puts More Skin In The Game For The Buyer. NRD's Can Be Tendered Upon Contract Acceptance, Or Once Repairs Are Agreed To. Your Agent Will Help You Understand If Either Of These Make Sense To Include In Your Offer
- **Surveys**  
Most Common To Get One When Property Is Not In A Platted Subdivision
- **Inspection Period**  
10 Business Days, Seller has 5 Business Days to respond
- **Fixtures And Attached Equipment**  
Anything Bolted Or Screwed Into The Walls Is Considered A Fixture And Should Automatically Convey With The Property. Refrigerators, Washer And Dryers Are Not Considered Fixtures In Arkansas
- **Contingencies**  
The Arkansas Real Estate Contract has contingencies built-in for inspections, financing, and appraisals. If you are selling a home, you will likely make your offer contingent on your home selling
- **Disclosures**  
Seller will provide a Seller Property Disclosure within 3 days of an accepted offer. If the home was built before 1978 there will be a Lead Based Paint Disclosure as well.
- **Closing Date**  
If you are selling your current home in another state, you might have to schedule closing on your new home for 3 days after your current home closes. It is possible to close both on the same day, depending on the state laws.
- **Possession**  
Typically you can take possession once the closing paperwork is signed by all parties, and funding has taken place, but in some cases there can be early or delayed occupancy involved
- **Offer Expiration**  
It Is Customary To Give At Least A 24 Hour Expiration On Your Offer. Depending On The Market, Or Seller's Situation, The Listing Agent Could Have An Offer Deadline Date That Could Be Several Days.

TERMS TO CONSIDER >  
IN AN OFFER.● **Price**

For Most Sellers, The Price Is The Most Important Thing To Them. Your Agent Will Help You Understand The Market Value And Of The Home As Well As Local Market Conditions To Help You Make The Best Offer.

● **Closing Costs**

In A Seller's Market, You Will Likely Have To Pay For Your Own Closing Costs, And Sometimes You Might Offer To Pay Some Of The Seller's Closing Costs In A Multiple Offer Scenario. In A Buyer's Market, You Have A Good Shot At Getting The Seller To Pay Your Closing Costs

● **Deposits**

Offering A Non-Refundable Deposit Will Make Your Offer Stronger Than Offering Earnest Money, But Be Careful Doing This Because Non-Refundable Is Exactly What It Sounds Like - You Can't Get It Back.

● **Repair Request Guarantees**

You Can Offer To Purchase A Home As-Is, And That Will Make Your Offer Stand Out. This Doesn't Mean You Can't Do An Inspection And Back Out Of The Deal If The Inspection Uncovers Major Repairs. You Can Also Put A Cap On The Repair Amount By Saying Something Like, **"Buyer Will Not Request Any Individual Repairs That Are Less Than \$1000 To Fix."**

● **Appraisal Gaps**

In A Competitive Market, Writing In An Appraisal Gap Will Make Your Offer Stronger. This Tells The Seller Up Front That If The House Doesn't Appraise For The Purchase Price, You'll Make Up Some Or All Of The Difference In Cash

● **Occupancy**

Some Sellers Need A Little Bit Of Time To Move Out Of A House After Closing, Especially If They Need The Funds From Closing To Hire Movers, Or If They're Elderly And Have Lived In The House For Many Years. Offering Delayed Occupancy Will Make Your Offer Stronger In These Cases.

● **Closing Date**

Aligning Your Closing Date, Or Being Flexible On The Date, To The Needs Of The Seller Will Make Your Offer Stronger. If They Are Purchasing A New Home, And Already Have It Under Contract, They Will Want To Close Both On The Same Day Or Within A Few Days Of Each Other.

ONCE UNDER  
CONTRACT >● **Make Final Application With Lender, Turn In All Requested Documents ASAP**● **Hire Home Inspector**

In Arkansas, You Have 10 Business Days To Get All Inspections Done And Make A Repair Request. You Can Request Repairs, Or Negotiate Terms Like Sales Price, Fixtures, Etc

● **Submit Deposits (If Applicable) With The Help Of Your Agent**
